Bob,

Thanks. We will plan to have Steve there to present.

He's talked to Rebekah who will somehow be put on a cell phone so she can hear. There's no conference phone in the theater.

If this continues to be a problem we have a back-up plan (for CAPT Tufts or me to discuss) but it won't be effective or smooth.

Jimmy will we have a phone line available? If not, is there likely to be cell service at the meeting location?

Rebekah/Wade,

CAPT Tufts requested that I provide a short 5-10 minute intro brief explaining procurement integrity act/critical infrastructure & document marking prior to the scoping meeting breakouts. He got a green light from your clients, just checking to make sure that they bounced it off of you and that you are ok with it. I will be leaving after the quick brief and will not be participating in the actual scoping meetings.

Jimmy,

We consulted with our regional counsel and they would prefer that either you or Captain Tufts provide the reminder to the meeting participants about the NDA. We understand that Navy counsel would be best prepared to answer any questions but we believe that since there will probably not be any SMEs present (with the exception of Hawaii DLNR) the chances of any tough questions being raised is minimal. EPA understands what the NDAs cover and we will not have questions.

If Captain Tufts believes that Steven Daugherty has to make the presentation then we will have to make arrangements to conference in our counsel during that portion of the meeting.

Bob
